

PONY CLUB

ACHIEVEMENT BADGES

BRITISH NATIVE BREDS

Achievement Badge

Guidelines

To be able to identify British breeds of horses and ponies, to be able to recognise their physical characteristics and to know from where in the British Isles they originate.

Key Points

Describe and understand the make and shape of the different breeds, and to be able to talk about their place in the equine world, i.e. Shires and Clydesdales were traditionally farm horses and are now widely used for cross breeding and promotional activities, while Welsh ponies were traditionally bred for shepherding in the Welsh mountains.
